

GETTING INTO U. S. IMPREGNABLE MINT WAS "EASY"

Two 15-Year-Old Boys Effect Entrance to San Francisco Fortress

IT WAS ALL IN FUN

San Francisco, Dec. 29.—(AP)—The new armor-plated and heavily-guarded United States mint was entered last night by two 15-year-old boys who got in by scaling a wall and raising an unlocked window.

Police Inspector Max Reznick identified the boys as Paul Francis and William Gallagher, residents of an orphanage at San Rafael. They were held for juvenile authorities.

"We wanted to see if we could do it," officers quoted the boys.

Bedlam broke out in the huge fortress of granite and steel—supposedly impregnable—when a guard saw two prowlers in the copper store room and turned in an alarm.

Lights went on, bells sounded and angry-voiced men with machine guns appeared.

Inspector Reznick said the boys had tossed out of a window a big sheet of copper from the room where pennies are made.

Entrance "Easy"

George Maher, captain of the mint guard, asked the two orphans how they managed to enter the building, protected by great walls, by impenetrable steel, tear gas equipment, heavy bars, numerous burglar alarms and a large force of guards.

Paul and William said it was simple.

"We went around to the Octavia street side of the building," police quoted them.

"We found the windows nearest the ground barred. So we climbed up a pipe to the second story and crept around a ledge until we found a window partly open."

"We just pushed the window in further and dropped down inside. That was all there was to it. It was easy. We didn't mean any harm. It was all in fun."

ITALY MAY SEEK TO INTERNATIONALIZE TUNISIAN SECTOR

Paris, Dec. 29.—(AP)—Italy was reported in diplomatic circles today to have indicated she will seek to internationalize Tunisia to remove the territory from strict French control.

Apparently balked in any idea of winning territory for Italy by the rising tide of French defensive measures, Premier Mussolini was reported in usually well-informed circles to have formulated a new plan for presentation to Premier Chamberlain when the latter visits Rome next month.

Sources close to the foreign office said simultaneously that Premier Chamberlain had promised to keep the French-Italian fight over Djibouti off the agenda when he visits Rome.

The British premier also was said to have promised to back up a French stand against transferring any territory to Italy.

Nevertheless, it was foreseen he would have a difficult time avoiding discussion on the status of Tunisia, which is inextricably bound up with any discussion of Mediterranean problems.

French thought Premier Mussolini's approach to Chamberlain would be based on the thesis that Tunisia is legally an independent country under French protection.

The Italian argument might be that France had received an international mandate to protect Tunisia and that she had abused the international duty.

The French meanwhile, made an open show of firmness and readiness. Two warships were on their way to Djibouti, and French Senegalese troops were assembled at Marseille to reinforce the French colony.

James Long Dies at Hospital in Amboy

James B. Long of Amboy passed away at the hospital in that city at 8:30 o'clock last evening. Funeral services will be held Saturday morning at 9 o'clock at St. Patrick's Catholic church in Amboy, the Rev. Fr. Robert Troy, officiating, and burial will be in Holy Cross cemetery in Harmon.

Mr. Long was born July 21, 1869 and was married Jan. 15, 1895 to Julia Delaney, who survives him. Other survivors are four children, Elmer, James and Edward of Amboy and Mrs. Herbert Dunphy of Rockford; fourteen grandchildren; and the following sisters and brothers: Mrs. Margaret McCormick, George, Mrs. D. D. Considine and Thomas B. Long; Mrs. Mary Durr and Mrs. Emma Hyatt of Dixon, William J. of West Brooklyn, and John of Oregon. Three brothers and two sisters preceded him in death.

Plea, Warning

Springfield, Ill., Dec. 29.—(AP)—The state highway division renewed its plea to motorists today to refrain from drinking intoxicants before driving automobiles during the New Year's holiday.

Combined with the plea was a warning that improper driving combined with proof that he has been drinking is all that is needed to convict a motorist under Illinois motor vehicle laws of driving while under the influence of liquor.

The division reported that 6.5 per cent of drivers involved in fatal accidents during 1937 were reported by police as "had been drinking."

Stan Laurel's Wife, Job Both Deserted Him

Los Angeles, Dec. 29.—(AP)—Life with wry-faced Stan Laurel was just one sleepless night after another, with his two former wives disturbing his slumbers at "ungodly hours," blonde Illiana Laurel charged today.

The Russian dancer, who married the motion picture comedian three times during 1938, demanded \$1,500 monthly in a separate maintenance suit.

Climaxing a hectic marital life which began last New Year's Day with an elopement to Yuma, Ariz., continued with frequent triffs and as many reconciliations, including solemnization of the two extra marriages, Illiana's suit asked ejection of the comic from his Canoga Park home, title to all community property and \$25,000 attorney's fees.

She claimed that "by reason of his attitude toward his former wives", they annoyed her by having police and firemen visit the house, and by causing persons to write her anonymous letters.

Laurel, she characterized, as refraining from "demonstrations" of love, and added that he "ignored and repulsed" her attempts to show affection. She asserted he was rude and moody in the presence of friends and often became intoxicated, on such occasions using "vile and loathsome" language. The separation, she set forth, occurred November 18.

Almost as tangled as his marital affairs are Laurel's finances. At present he's out of a job, having been deemed by Producer Hal Roach to have broken his contract.

Christmas Tree Which Brought Death of Ohio Father Grew on Highway

Elyria, Ohio, Dec. 29.—(AP)—The Christmas tree that brought violent death to jobless William Rousseau, father of two small daughters, actually grew on public property, County Engineer Harry L. Dunham said today.

William Case, 84, snow-bearded farmer called "Santa Claus" by neighborhood children, told authorities he shot Rousseau fatally and wounded his wife because they took the tree from his grove.

Dunham said surveyors determined yesterday that the spruce which the couple intended to take home last week grew in the right-of-way of a township road, eight feet from the Case farm line.

Case is under \$1,000 bond on a manslaughter charge.

Rousseau was buried yesterday. His daughters, Geraldine, 11, and Sarah, 8, were in attendance. Their mother, struck by Case's shotgun pellets, was reported in critical condition from an infection.

Says U. S. Must Clarify International Policy

Harrisburg, Pa., Dec. 29.—(AP)—Senator H. Styles Bridges (R-NH) said today the United States "must clarify its international policy—and that means specifically repeal or amendment of our unworkable neutrality act."

Senator Bridges told the Pennsylvania State Education association the act "automatically allies us with the stronger, and in all instances, the aggressor nations."

Prohibition of Interstate Transportation of Organizers Is Urged

Washington, Dec. 29.—(AP)—Rep. Hoffman (R-Mich.) proposed legislation today to prohibit interstate transportation of union organizers or other persons to engage in labor disputes.

It would be a companion, he said, to the law prohibiting interstate transportation of strike-breakers.

Hoffman, a persistent critic of the C. I. O. told reporters the public was "sick and tired" of some of that organization's tactics. He contended that union organizers and pickets were crossing state boundaries "to promote labor disputes."

"The lawless force will be met," he said. "There will be enough deputies to meet these fellows and give them a dose of their own medicine but ours will be a lawful dose."

Urging repeal of the Wagner act "so we can get rid of" the National Labor Relations Board, followed by enactment of a new labor law leaving enforcement to the courts, Hoffman added:

"We are not going to submit to that labor board's illegal activities."

He also advocated legislation requiring labor unions to incorporate and to report their financial condition to congress and also to make them subject to the law forbidding corporations to contribute to political campaigns.

KEY WITNESS IN COSTER CASE IS REPORTED DEAD

Was Insurance Broker Who Endorsed Notes for Dead Swindler

FORCED TO SETTLE

New York, Dec. 29.—(AP)—A supposed "key-witness" in the investigation of the tangled trickery of the late F. Donald Coster-Musica was identified today as a man, now dead, who two years ago claimed he was swindled out of \$20,000 by Coster-Musica, suicide head of McKesson & Robbins drug firm.

The man was A. J. Vitale, Brooklyn insurance broker. The story came from Walter H. Cragg, a disbarred attorney and one of three persons accused of systematically blackmailing Coster-Musica by threatening to expose his criminal past.

Cragg told Michael F. Longho, his lawyer, that in 1928 Philip Musica, professed to be in great need of money and called on Vitale. Musica, he said, gave Vitale his notes for \$20,000 which Vitale discounted in a Brooklyn bank, giving Coster-Musica the proceeds. Longho quoted Cragg as saying Coster-Musica then disappeared and Vitale had to make good the face value of the notes, plus interest.

Cragg Traced Man.

Longho said Cragg was engaged by Vitale to trace the man. Cragg reported, after an investigation, that Musica was F. Donald Coster. Meanwhile Vitale has lost practically all he owned through his endorsement of the notes.

Longho related that a summons and complaint was served on Coster, who settled with Vitale for less than the full amount. Longho said Cragg acted solely as a tracer and process server and used no threats whatever.

Held with Cragg were Joseph Brandino and his sister Mary. The woman's bail was \$5,000. Cragg's and Brandino's \$7,500 each. The three were arraigned yesterday on charges of violating a section of the 1934 Lindbergh law which makes extortion in interstate commerce by means of threats to person or reputation punishable by a maximum of 20 years imprisonment and a \$5,000 fine.

CLINIC CLOSED.

Fairfield, Conn., Dec. 29.—(AP)—The Fairfield free heart clinic, founded three years ago by the late F. Donald Coster-Musica and Mrs. Coster, closed its doors today due to lack of funds.

Dr. Marcus Backer said the clinic, sponsored by Coster-Musica, president of the McKesson & Robbins drug corporation until he ended his life Dec. 16 as he was about to be unmasked as Philip Musica, a swindler, would remain closed unless the annual budget of \$2,500 on which the clinic functions is forthcoming.

The clinic was not endowed by its sponsors, but was financed on an annual basis. Dr. Backer said Mrs. Coster had stated definitely she would be unable to aid the organization further.

Jap Troops Evacuate American-Owned School

Washington, Dec. 29.—(AP)—Sumner Welles, acting secretary of state, said today Japanese troops had evacuated American-owned Shanghai university but that the Japanese government thus far had neither consented nor refused to restore the property.

Ambassador Joseph C. Grew has made numerous representations in Tokyo about Japanese occupation and use of the university property during hostilities in China.

Greetings

Pittsburgh, Dec. 29.—(AP)—Three gunmen held up a dozen customers and three cashiers of a self-service food market last night and fled with \$343.

As they departed, one called back:

"Happy New Year."

One woman fainted.

'Glabber Girl'

New York, Dec. 29.—(AP)—If Brenda Frazier tried to describe herself today, it would be "Glabber Girl."

The cold she snubbed to appear at her spectacular all-night debutante ball Tuesday boomeranged, and physicians ordered the season's No. 1 "Glamor Girl" deb to bed for a week.

Fatigued by standing in the receiving line for nearly three hours to greet 1,200 guests, the 18-year-old heiress to a \$5,000,000 grain fortune today developed an aggravated case of grip.

Copper Heiress Goes West With Third Husband

New York, Dec. 29.—(AP)—Copper heiress Barbara Guggenheim was honeymooning "way out west today with a third husband who, far from being her ex-chauveur, is anything but.

Indeed, says his employer, Henry Obre is a \$5,000-a-year man, vice president and salesman of a grinding wheel company on lower Broadway, a crack boatman and—of possible interest to those who dubbed him a Cinderella man—a dead shot with a gun.

Besides, added Edwin L. Best, president of the grinding wheel firm, Obre's brother is not a butcher, but a food store owner and president of the board of trade in Shrewsbury, N. J.

Moreover, said J. Arthur Leve, attorney for the bride's parents, Mr. and Mrs. S. R. Guggenheim, Obre is descended from a Huguenot family in the United States since the early 1600's.

This torrent of information followed a 24-hour silence that left uncontradicted several reports on the identity of the bridegroom.

No one talked except Mrs. Obre's second husband, Fred Wettach, New Jersey sportsman, and he said his former wife could not be remarried because her Miami divorce from him was not final, though court records showed it to have been effective October 24.

The attorney's statement said the ceremony was performed in Darien, Conn., December 6. After a trip to Bermuda and Miami, the newlyweds set out December 24 for Los Angeles and Honolulu on a business-pleasure trip. Each is 33.

Hollywood Promoter Is Found Slain in His Car

Hollywood, Dec. 29.—(AP)—Police investigated gambling alliances in Hollywood today in search of clues to the slayers of Weldon L. Irvin, 49, big-scale real-estate promoter accused of felonious bookmaking.

Irvin, shot twice, was found dead in an expensive new sedan only a block from busy Hollywood Boulevard yesterday afternoon.

He was scheduled to go on trial January 9 on bookmaking charges.

Fingerprints disclosed, police said, that he had been arrested previously in Philadelphia as well as in Los Angeles and San Bernardino, Calif.

Irvin was developing a land tract in Morongo valley near Palm Springs and building a hotel at Indio, Calif. His Morongo lodge was a rendezvous for Hollywood celebrities.

Police said he was known by two aliases, George W. Rogers and H. W. Currier.

Detective-Lieut. Thad Brown said it was possible the man had been killed because of underworld belief he had "talked" concerning bookmaking activities, or because he had failed to keep a promise of police protection for bookies.

Ashton Man Is Awarded Road Material Contract

Carl Stephan of Ashton was awarded the contract for the furnishing, crushing and loading of 10,000 yards of rock, to be taken from the Atkinson quarry in Nelson township and used in the improvement of roads in Harmon township, at a letting held at the office of County Superintendent of Highways Fred Leake yesterday afternoon. Three contractors submitted bids as follows: C. J. Lathers, Rockford, 73½ cents per yard, Hargill Co., La Grange, 81 cents and Carl Stephan, Ashton, 74 cents.

The work, which is to be completed by June 1st, provides for the improvement of several sections of roads in Harmon township under a \$14,000 bond issue which was voted at a special election several months ago. The township made application for federal aid which was denied and the amount of the bond issue will be used in the improvement program.

BRITISH STEAMSHIP IS BOMBED BY REBEL PLANE

Attack Apparently Occurred on High Seas; Deemed 'Piracy'

SHIP ABANDONED

London, Dec. 29.—(AP)—Lloyds agent at Gibraltar reported today an SOS had been received from the 4,236-ton British steamer Marionga, which read:

"Bombed. Crew took to boats."

The steamer's message gave its position as 39.12 north latitude, 1.7 east longitude, between Castellon, on Spain's eastern coast, and the Balearic Islands. (Palma, on Mallorca, largest of the Balearics, is a big Spanish insurgent airbase.)

The Marionga formerly was of Greek registry, named at one time Greystone and later Eddystone. She carries a crew of about 30.

The freighter left Oran, Algeria, Saturday, and her owners, Neill & Pandelis of London, said she was carrying a general cargo to Barcelona and had an observer for the non-intervention committee aboard.

In Route of Bombers

The area in which she was reported bombed is on the route of insurgent bombers flying from their Palma base to attack cities on the coast of government Spain.

A British government spokesman told the House of Commons recently there had been 120 attacks on British merchant ships since the outbreak of the Spanish war. About 20 of them were sunk. Most of these attacks, however, were on ships within government Spain's territorial waters where the British government has refused to give protection.

The Marionga apparently was bombed on the high seas where such an attack is deemed "piracy" by the British government.

File Mechanics' Lien Against R. I. System

Cambridge, Ill., Dec. 29.—(AP)—Thirty-eight workmen have filed mechanics liens against the Chicago, Rock Island & Pacific Railway Company because, they alleged, a contractor failed to pay them for work on a railway bridge.

Notices of the liens, filed here, said the workmen had helped reconstruct a bridge across the Green river at Colona, Ill., and charged that Keystone Builders, Inc., contractors for the work, had not paid them.

The entire property of the railroad was asked to secure payment of the liens. The notices listed Carl Nyquist, secretary-treasurer of the railroad, Frank O. Lowden, James E. Gorman and Joseph B. Leming, trustees, as defendants.

Winning Streak of the State Champs Is Ended

Waukegan, Ill., Dec. 29.—(AP)—The 44-game winning streak of Dundee high school, 1938 Illinois prep basketball champion, was at an end today.

Waukegan turned the trick last night, winning 46 to 44 on Bobby Pierce's field goal.

Dundee's victory string started after it had lost the opening game of the 1937-38 season to York at Elmhurst.

Indirectly

Benidj, Minn., Dec. 29.—(AP)—Al Hagen, a garage mechanic, is nursing a badly swollen face that he blames indirectly on the cold weather.

Sent out to start a frozen car, Hagen was getting ready to tow it away when the owner appeared and beat him up.

Hagen concluded he picked the wrong car.

\$10,000 Treasury Note, Lost During Fire In Capital, Found In Illinois

Edwardsville, Ill., Dec. 29.—(AP)—Jack Brickey will examine carefully any more \$10,000 treasury notes that come his way.

For a year, Brickey had been pretending to "set 'em up" in his tavern with a worn \$10,000 note he believed counterfeit.

After hearing a similar "counterfeit" had been found good in Centralia, Brickey asked State Attorney R. W. Griffith to examine his bill. Griffith said it apparently was genuine, though payable only to the federal reserve bank.

At Griffith's suggestion, Brickey sent the note to the Springfield office of the United States Secret Service yesterday. The tavern owner said the bill had been tendered "as a joke" in payment for a drink.

Secret Service agents said the note was a treasury deposit certificate, one of several lost at Washington two years ago in a fire in a treasury department office.

The certificates, which bore the perforated notation, "Payable only to the treasurer of the United States or a federal reserve bank," were not negotiable and were worthless, therefore, to anyone found them, the agents said. About nine of the notes have been found in various parts of the country since the fire.

About Dreams

Richmond, Va., Dec. 29.—(AP)—Dreams of men and women are different. There is more beauty and more of the fantastic in women's dreams and more of the practical side in men's dreams.

Dr. Charles M. Diserens of the University of Cincinnati reported today to the American Association for the Advancement of Science.

Women, he said, dream of hearing music more often, see colors more often and have more nightmares. Men have less anxious dreams, more that are embarrassing and more that they are thirsty.

Both sexes tend to dream in the latter part of the night.

ANNUAL YOUTH SUNDAY.

Annual Youth Sunday, honoring students at home from college, will be observed on Sunday at the Methodist church. Several of the students will assist with the morning service.

CHIMNEY FIRE.

The fire department was called to the Unangst second hand store on Depot avenue last evening at 5 o'clock where a chimney was burning out. There was no damage to the property.

SISTER IS DEAD.

Mrs. A. J. Ormsby of Belvidere, a sister of Mrs. Edwin S. Rosecrans of this city, died very suddenly late yesterday afternoon at a hospital at Belvidere. She had submitted to an operation about a week ago and an embolism resulted in her sudden death. Mrs. Ormsby was well known in Dixon, having visited here on several occasions.

TWO GUNS STOLEN.

Manager D. A. Deneau of the Montgomery Ward store reported to the police late yesterday afternoon, the theft of two .410 gauge shot guns from the stock at the store. The guns were believed to have been taken last Friday night, when entrance was gained by climbing the fire escape on the east side of the building and removing a pane of glass from a window, the report stated.

MONDAY A HOLIDAY.

Next Monday will be observed as New Year's holiday in Dixon, all stores, offices and banks remaining closed the entire day. The county and city offices will be closed; usual holiday regulations, with no deliveries and only dispatch of mails, will prevail at the post office; and there will be no publication of the Telegraph on the holiday.

TO COUNTY JAIL.

Laverne Cooper of Polo pleaded guilty to a charge of operating a motor vehicle on a public highway while in an intoxicated condition when he was arraigned before Judge Grover Gehant in the county court late yesterday afternoon. State Highway Officer Rex Flach, who arrested Cooper last Friday night on the Lincoln Highway west of Dixon filed the information in the county court. Cooper was fined \$100 and costs and ordered remanded to the county jail until the fine and costs were paid.

Woman Senator Supports Legislation for Defense

Washington, Dec. 29.—(AP)—Senator Caraway (D-Ark) gave her support today to legislation providing "adequate national protection" but added "we should not be swept off our feet by war hysteria."

"With world conditions as they are, and the attitude of some nations that might be right, it is imperative," Mrs. Caraway said, "that we should be prepared to the extent of proper protection."

However, she added:

"I realize that there are those who would seek to profit by the appropriation of great sums of money for military purposes. We should not be swept off our feet by war hysteria."

SECOND SECTION OF CANADIAN FRIGID WAVE HITS NORTHWEST DUE IN DIXON DURING NIGHT

Bridge Workman Victim of Bold Highway Bandit

Gerald North, residing three miles northeast of Amboy, and employed on the Galena avenue bridge, was the victim of a bold highway robbery at Egan's corners, one mile north of Amboy on route 52 at 7 o'clock last evening. He was enroute to Amboy and brought his car to a stop before entering the highway, when a strange man opened the door of his car, thrust a revolver against his side and demanded his money.

North handed over his cash, totalling \$17.50 and the stranger walked to a car which was parked at the corner and climbed into the machine which then proceeded north toward Dixon. North went to a farm house and telephoned the sheriff's office, Sheriff Gilbert Finch and Deputy Leroy Bates going at once to the scene.

North described the highwayman as being about 50 years of age and roughly dressed. A younger man remained in the waiting car, a 1935 model grey Plymouth coupe. The car is believed to have proceeded north to the junction with route 30 and then turned east.

REBELS BOAST OF DOWNING TWENTY LOYALIST PLANES

Hendaye, France (At The Spanish Frontier), Dec. 29.—(AP)—An insurgent communique boasted today that 20 government planes were downed in the greatest air battle of the massive offensive into Catalonia.

Despite the aviation success, however, the insurgent land drive slowed almost to deadlock. Gains reported were of minor consequence, although in six days insurgents have claimed conquest of 380-odd square-miles of territory.

The air battle was over land lines near the Alages-Borjas Blancas road, 70 miles to the west of Barcelona.

Twenty-four of insurgent Generalissimo Franco's fastest fighting planes swooped down from a high altitude to a large government fleet which insurgent dispatches said consisted of 55 fighters and six bombers.

Land fighting in the area dwindled as the bombers dropped their explosives and headed for their base, leaving fast pursuit planes to fight it out.

Brief government accounts said both German and Italian planes made up the insurgent air squadron.

While soldiers of both sides watched and cheered, the two air forces dove, wheeled and turned, spitting death until squadron leaders of both sides ordered ships still aloft back home.

At the end of the battle, insurgent dispatches said, 20 of the government planes had crashed, some of them in flames.

Government dispatches said two insurgent planes were brought down in combat and that three other ships, each containing a crew of three, were shot down by anti-aircraft guns.

Remapping of State Into Few Counties Seen

Chicago, Dec. 29.—(AP)—Eventual reorganization of the state's antiquated system of local government was forecast today by John E. Cassidy of Peoria, newly-appointed attorney general.

Addressing the annual convention of the Illinois State's Attorney's Association, he predicted that Illinois would someday be remapped into a state of 20 or 25 counties.

"The saturation point in taxation is near," he warned. "Things can't go on as they are forever. Reduction in the number of counties will mean lower costs of local government and reduction in the great number of taxing bodies."

Abandon Hope for Two Trapped in Ont. Mine

Kirkland Lake, Ont., Dec. 29.—(Canadian Press)—Weary rescue workers said today there was little hope of saving two men entombed 2,400 feet underground behind huge piles of fallen rock in the L. Shore gold mine.

Four crews of drillers worked frantically, however, to reach the

Knights Templar Are Hosts At First Christmas Dance

Approximately 150 couples attended the first annual Christmas dance of Dixon Commandery, No. 21, Knights Templar, held at Brinton Memorial Masonic temple last evening. For the third time within the holiday season, Dixonites were given an opportunity to don their gayest informal dress, which blended together in a symphony of color as the dancers glided over the floor or swung out as the music of Floyd Burke and his orchestra dictated. Christmas decorations, which have afforded a colorful setting for three preceding holiday dances, glittered brilliantly as the crowd danced.

Dec. 28 promises to continue to be a special date for Knights Templar and their friends, as the Commandery members hope to retain the third evening after Christmas for future dances.

Next of importance on the organization's social calendar, as far as the public is concerned, is the Commandery's annual Washington birthday ball, a formal affair, to be held near the patriot's anniversary in February.

Harry Stephan was chairman of last evening's host committee. Assisting him with preparations were O. F. Goeke, Carl Buchner, S. Leon Hart, and Dr. K. B. Segner.

How to Ease CHEST COLD MISERY

FIRST—massage throat, chest, and back with Vicks VapoRub at bedtime. This relieves the distress.

THEN—to make its long-continued action last even longer, spread a thick coat of VapoRub on the chest and cover with a warm cloth.

LONG AFTER sleep comes, VapoRub keeps working—loosens phlegm—eases muscular soreness or tightness—clears air-passages—eases coughing—relieves local congestion. Often, by morning, the worst of the cold is over.

Sally Prescott Observes Fourth Year With Party

A Mickey Mouse movie, posing for several reels of pictures themselves, and an exciting array of party favors, delighted eight little girls who were invited to the Prescott cottage, "Lone Cedar Lodge," at Grand Detour yesterday for an afternoon party between 3:30 and 5 o'clock. The Lyle Prescotts were entertaining the young guests for the pleasure of their own little daughter, Sally, who was celebrating her fourth birthday anniversary.

After playtime and the movies, a birthday lunch was served at a table gayly appointed in red and white for the New Year holiday. Overhead were balloons, which were released as the guests pulled a string, and at each cover was a red cap, horn, and whistle, besides a candy basket. Four red candles twinkled on the angel food birthday cake.

Sally received a gift package from each of her guests, who were accompanied to the party by their mothers.

IN FLORIDA

Guests At Party For Miss Elsie Tayman Learn Date Of Tayman-Carter Rites

The fourteen guests who were at the party given last evening by Mrs. Leo J. Miller and Mrs. Henry Hubbell for Miss Elsie Tayman learned that Miss Tayman has set Friday, Jan. 6 as the day for her marriage to W. Taylor Carter of Louisville, Ky.

Last evening's party, which was held at the Miller home on First street, was in the form of a Christmas carnival, and carnival games were played, with prizes for everyone. Before refreshments were served, the guests were asked to solve silver heart-shaped jig-saw puzzles, and when Miss Mita Wohnke fitted the pieces of her puzzle together, she read the following announcement from a small red heart attached to the center of the larger one: "Elsie and Taylor—Jan. 6, 1939."

After a buffet lunch, the guests presented the honoree with a half dozen butter knives in her silver pattern. Miss Florence Stoner and Mrs. Kathryn Hanley are to be tonight's hostesses for the bride-elect.

Holiday Dances Provide Gayety

Christmas dances and "pre-dance" parties continue to monopolize the social spotlight this holiday season. With three dancing parties already past and two others near, at hand, the holiday calendar is fairly bristling with interesting affairs.

This evening before Dixon Country club members and their invited guests gather for dancing at Brinton Memorial Masonic temple, President and Mrs. George Beier will be entertaining a number of the party-goers at "Beier-cliff," and several other smaller parties will also precede tonight's gayety.

Last night, Mr. and Mrs. L. E. Sharp and Mr. and Mrs. A. C. Bowers dined 20 guests at an 8 o'clock dinner party at a local tea room, before the Knights Templar dance. Red candles glowed in pine and holly holders on the party tables.

ATTEND DANCE AT ROCKFORD

Miss Alice Lake and Francis Mertel and Miss Marie Rogers and Don Fulton of Oregon were among guests attending the annual Christmas dance of the Junior guild, Catholic Woman's league, in Rockford last evening. Dancing was from 9:30 to 1 in the Crystal ballroom.

Today's Abroad

International News of Day Summarized by Associated Press

(By The Associated Press)

Opposing armies in Spain battled on almost even terms today while strife over Italian aspirations for French territory narrowed down to areas—Tunisia, French protectorate in North Africa, and Djibouti, port of French Somaliland in East Africa.

Despite Spanish insurgent reports that 20 government warplanes were shot down in the greatest air battle of the six-day offensive in Catalonia, Generalissimo Francisco Franco's gains apparently were of minor consequence.

Advances from both sides indicated intense fighting through the night on the central and southern Llerida fronts. In the north, government forces withdrew from Mount Borda to strong fortified positions guarding the Artesa Tremp road. The only other advance reported by the insurgents was the capture of a hamlet, Valderet, in the north.

The French-Italian issue marking time under the shadow of British Prime Minister Chamberlain's expected visit to Rome Jan. 11.

Chamberlain was said to have promised to keep the controversy over Djibouti out of the discussions he plans with Italian Premier Mussolini. It was believed, however, that he would have difficulty ruling out talk concerning Tunisia, which is linked inextricably with any consideration of the Mediterranean status quo.

The French, meanwhile, made a show of firmness and readiness with two warships steaming to Djibouti and French Senegalese troops ready to embark at Marseilles to reinforce the East African garrison.

Italy was reported in diplomatic circles to have indicated she would seek to internationalize Tunisia. Apparently balked in any idea of winning the territory, well-informed sources said, Italy will lay a plan before Chamberlain for her to share in its control.

Robert T. Pell, American assistant director of the intergovernmental refugee committee, said in London that Reichsfuehrer Hitler had agreed to relax Germany's anti-Semitic campaign against elderly Jews provided their children emigrated as soon as possible.

Pell said he would go to Germany within two weeks to work out a plan and would ask specific guarantees that elderly Jews be guaranteed a decent living.

In Berlin, Prentiss B. Gilbert, chargé d'affaires of the United States embassy, presented a note to the German foreign office asking that American citizens be exempted from provisions of a decree forbidding non-Aryans to act as managers and assistant managers of plants after January 1.

Heavy losses by both Chinese and Japanese in guerrilla warfare in scattered areas of China were reportedly to Shanghai.

SEEK HIT-RUN DRIVER
Chatham, Ill., Dec. 29—(AP)—State police searched today for the driver of an automobile which struck and injured two members of a group of men while they were attempting to push a disabled car from the highway last night.

Witnesses said the machine had continued on without stopping after the accident in which Frank Leskovice, 31, of Auburn, and Carl Sarber, 24, of Chatham were seriously hurt.

"DEATH BEGINS AT FORTY"

The poet, Edward Young, who wrote "Be wise with speed; A fool at forty is a fool indeed," expressed in just twelve simple words the general theme of a booklet recently published under the title, "Death Begins at Forty."

In a take-off on the title of "Life Begins at Forty," this wise and sane publication issued to insure greater safety on the highways, has used "forty" not as an age limit, but as a maximum of speed at which the driver may be considered reasonably safe.

In a table listing the principal driving errors, that of exceeding the speed limit was held responsible for the death of 9,380 motorists in 1937 and injuries to 227,560.

"Death," the publication points out, "lies in wait on every country road and city street. He knows no leniency toward the young, nor does he have respect for the infirmities of age." Two important facts stand out when the figures are compiled on this subject. First, death in automobile-bicycle collisions increased again last year. The bicycle problem needs attention. Second, despite an increase in deaths this year, there was a decrease in fatalities among children of from five to fourteen years of age. This is a fine tribute to safety education in the schools.

Fragmentary evidence indicates that young people in their late teens are among the most dangerous on our highways. The record for drivers between the ages of 20 to 30 is also very discouraging. Driving wisdom apparently comes at about 30 years of age.

Other statistics show that there are more passenger cars registered in the United States than all other types of vehicles put together. Therefore, it is only natural that this type of car is involved in more accidents—79.2 per cent.

More than 90 per cent of all accidents are caused by male drivers even though no figures are available relative to the number of male and female drivers.

The 1938 automobile is a marvel of speed, power and safety, but the present day pedestrian is the same plodding individual he was one hundred years ago. He hasn't any all-steel body; nor has nature streamlined him so that he can move any faster in this age of speed. He has one advantage, however, if he will use it. He can make up for his slow feet by his quick wits. He can avoid making the same mistakes which brought death to 17,410 pedestrians and injury to 310,160 others last year.

Driving errors, listed in regard to the number of deaths they caused last year, are: Exceeding speed limit, reckless driving, on wrong side of road, did not have right-of-way, drove off roadway, miscellaneous, cutting in, passing on hill, failed to signal and improper signaling, passing standing street car, car ran away—no driver.

It is well to remember, as the booklet asserts: "You change drivers at 40."

THIS CONTRACTED AGE

Turkey raisers have been specializing for some time in the breeding of streamlined, diminutive fowls in the belief that they will appeal to the fancy of those who lack space in the dining rooms and stomachs. The idea seems to be that people don't eat as much as of yore. Anyhow, if you contact the right butcher, you may find such a commodity.

Then if you have a dinette, you will have room in it to sit down alongside the dinner, and after you have consumed the turkette you will be able to get out without using a jack. If you happen to eat the turkette in the evening you will accordingly be able to get into the bedroomette and the patented bed (that disappears in the daytime) without using a shoe horn.

Emotions hard to describe are aroused by the plight of a family that got into an expansive mood and bought a Christmas tree the other evening. They arrived home with the emblem of good cheer and actually were making plans to decorate it when the bald truth intruded itself. They didn't have a place to put it.

These moderns are descendants of pioneers who always moved a couple of hundred miles west when the nearest neighbor was within a dozen miles. They wanted room. When Christmas arrived they went into the woods and shot a 20-pound tom turkey. If luck was bad and they had to depend upon rabbits, opossums, raccoon, quail, pheasant or trout they thought they were having a famine.

The new mode of life has advantages. It saves drudgery for the housewife. In fact the modern housewife's life has altered so that she turns on the radio and while a cheery gentleman recites a special set of exercises so she can keep her weight down.

Expansiveness is an attitude of mind. Our fondest recollections are of an old lady who kept house, prepared meals, milked cows, fed chickens, gathered eggs, churned butter, planted and tended a vegetable garden, knitted scarfs, socks and mittens, made most of her own clothes, attended church regularly, named most of her sons after biblical characters, read books and newspapers and sang hymns until lights out. Eventually she went to visit one of her sons in his metropolitan apartment. She planted her feet squarely in the middle of the living room and screamed:

"Let me out of this pantry!"

BEG HONORABLE PARON

Secretary of the Treasury Morgenthau has executed one of the neatest diplomatic counter-strokes of recent weeks and scored an unequivocal "touche" in a diplomatic word duel with the Japanese foreign office.

The super-suave Hachiro Arita, Japanese foreign minister, gave an exhibition of unpardonable amateurism when he lowered his guard to warn the U. S. that its loan of \$25,000,000 to China was "dangerous."

Blandly brushing aside the implied suggestion that his government was skirting the border-line of neutrality violation, Mr. Morgenthau asked "who's at war?"

With Japan refusing to concede that war in the East has been declared officially—in fact insisting that there is no war—the secretary's polite query left the Nippon government without a comeback.

By DREW PEARSON and ROBERT S. ALLEN

Washington — Most important

policy being shaped in Washington

today is that pertaining to foreign

affairs. This has been discussed in

a series of confidential conferences

between the president, Sumner

Welles, Ambassadors Bullitt and

Kennedy. It is safe to say that

these talks have been more im-

portant than Cabinet changes.

Democratic squabbling or prepa-

rations for the coming session of

Congress.

The reports brought to Roose-

velt by his ambassadors can be

summarized briefly:

1. The Chamberlain appease-

ment policy is getting Britain no-

where. If the French and British

are pushed further by Hitler they

will have to fight.

2. They will be pushed further

probably in the spring. Hitler al-

ways has timed his moves care-

fully. Also he has made the Ger-

man people forget their economic

woes by a series of political vic-

tories at the expense of Ger-

many's neighbors. So another

move will come soon.

3. Conclusion is that war seems

almost certain in the spring or

summer—depending upon one big

IF.

That one big IF is the United

States and her future foreign pol-

icy. This is what Roosevelt and

his advisers have been studying

so carefully in recent weeks.

Key to Germany

Roosevelt foreign policy has

taken as its key to the German

military mind the famous meet-

ing of the Kaiser with his cabi-

net in 1916, when he decided to

intensify submarine warfare a-

gainst American merchant ship-

ping.

At this meeting, Chancellor Be-

thmann-Hollweg reported to the

Kaiser that if submarine warfare

were intensified, the United States

was sure to enter the war on the

side of the Allies. He made this a

positive prediction.

Whereupon the German military

and naval commanders both in-

formed the Kaiser that it made

no difference if the United States

did enter the war. The American

army, they said, was a mere

handful of men, her navy not

enough to interfere with German

submarines. German military and

naval forces they guaranteed,

could handle both without dif-

ficulty. They promised that with

supplies cut off from the Allies,

Germany could win a quick vic-

tory before the United States

could train an army.

This advice was accepted by the

Kaiser. At that meeting he de-

cided to intensify the submarine

war, risk the entry of the "impo-

tent" United States.

Airplanes Talk

Roosevelt's advisers draw an im-

portant deduction from that con-

versation. What influences Ger-

many most today, they say, is the

military strength of her enemies

—particularly in airplanes.

This deduction is reinforced by

Hitler's tactics at the Munich con-

ference and after. What counts

with Hitler are the weapons for

a quick victory by air. At Munich

he figured that Germany's air

force could clean up Paris and

London in a few days and all

would be over.

In this he may have been right.

In modern warfare airplanes talk,

and Germany has about double the

French and British air force put

together. Last spring she was

making airplanes at the rate of

400 a month. Now she has in-

creased the rate to 1,200 a

month. And she is still building

new airplane factories.

Piecing together the different

parts of this picture, Roosevelt's

foreign affairs experts report war

in Europe inevitable within six

months or a year—unless it is

also their opinion, as well as the

opinion of almost every other can-

didat observer in this country, that

the United States cannot stay out

of any world war. Eventually, hu-

man nature being what it is, the

passions of war will drag us in.

Prevention of War

Therefore, the problem from the

American viewpoint becomes the

practical one of preventing war in

the first place.

That is where the Kaiser's con-

up a huge air force, much more

than we actually need.

(2) is the policy of rebuffing

Germany—the Ickes speech, the

withdrawal of Ambassador Wilson,

etc. This was calculated to let

Germany know in crudely definite

terms exactly where the United

States stood, plus what she was

likely to do with her airplanes

should war break in Europe.

Belgium Invaded

When Germany prepared to in-

vade Belgium in 1914, Sir Edward

Grey, then British Foreign Min-

ister, side-stepped any definite

warning to Germany as to what

Britain would do in case Belgium

were invaded. Historians believe

that had Grey taken a definite

stand in advance, German troops

never would have marched.

Today, Roosevelt policy is to

avoid the mistake of Sir Edward

Grey and make it absolutely clear

to Hitler where the United States

is if he is going to force another

crisis upon the democracies of

Europe.

Roosevelt cannot come out and

say this in advance. But the Ickes

speech, the Sumner Welles

dressing-down of the German

Charge d'Affaires, Senator Pitt-

man's caustic statement, plus the

recall of Ambassador Wilson, all

are actions which speak louder

than words.

Roosevelt policy is based upon

the belief that if Germany knows

what she is up against in advance,

there will be no war in Europe.

ture Syndicate, Inc.)

OPEN LETTER TO A**DRUNKEN DRIVER**

Sure, you can drive home

a'right. Don't let 'em feed you

any of that bunk about letting

somebody else take the wheel.

Any old time Pete can stand on

his two feet he can drive an

automobile, drunk or sober.

Whatch a few drinks between

friends, anyway. You show 'em

who's going to drive.

Pile 'em into the car. That

sweet little wife of yours, who's

such a swell kid even if she does

nag you about driving when

you're drunk. And that funny

couple with you who want to

take a taxicab home. Imagine!

Wanting to take a cab! Pile 'em

in. Step on the gas. Whoopee!

Go places . . .

Brother, you're not the big

shot you think you are. You're

just a fuzzy-brained, liquored-up,

obstinate ass with about as much

right to drive an automobile on

the public highway as a monkey

from the zoo would have.

I won't appeal to your reason

because it's obvious that you

haven't any. I won't appeal to

your emotions because they're

picked.

I only hope you'll start to drive

home some night, alone, when

you've one too many under your

belt. Then I hope some little

emergency will arise which your

added brain and fumbling hands

won't enable you to meet. I hope

you'll have an encounter with a

tree or telephone pole that will

land you in a police cell and your

car on a junk heap. And as you

sober up I hope the baseness of

your continued offenses against

society will be borne in upon you

with sickening clarity. I hope

the newspaper headlines will

scream out to all your relatives

and friends and business acquain-

tances: **PROMINENT LOCAL****MAN GETS DRUNK AND****LANDS IN JAIL.**

Yes, I hope an All-Wise Provi-

dence will arrange this little les-

son for you. And soon, before

you kill somebody, as you surely

will if you continue to drive when

you are drunk.

Of all drivers involved in fatal

accidents last year, 7.3 per cent

had been drinking. This is nei-

ther worse nor better than the 1936

record.

Of all pedestrians killed last

year, 12.9 per cent had been drink-

ing. This figure may be compared

with 11.2 per cent in 1936.

These figures are based on a

broad spread of official state re-

ports, and are offered as the best

information available on the sub-

ject. The accuracy of the pic-

ture they present will be ques-

tioned because reporting methods

differ in the various states, and

because of differences of opinion

as to what constitutes drunken-

ness.

SOFTBALL IN 1938

Softball in 1938 was climaxed on the evening of Sept. 16 when the much-heralded All-Stars game was played at the Dixon Airport after two postponements because of rain.

On that evening the California Market team, champions of the city league, moved on to glory by defeating the stars, 11 to 8. Quoting from the write-up of the game: "It's all over now, and even the shouting has died away—gone with the chilly wind, which swept the Airport diamond last night as the softball All-Stars were downed by the Champion California Market team, x x x. It was a brilliant and fitting close for the 1938 season and both teams were 'hot' despite the autumn temperatures, x x x The All-Stars, chosen by a popular vote of the fans, were as alive as a high voltage wire, but the California Market made strong demands and no quarter was given."

Those playing on the California Market team which won the All-Stars game were: Kuhn, Ellis, Murphy, Courtright, Boyd, Hasselberg, Witzleb, Potts and Morris. For the stars: Littrell, Fane, Anderson, Lebre, Holland, Watts, McReynolds, Withers, Glessner, Krug, Hass, Voldard and Fordham. As pitcher, Fordham was pressed into service when Beyers and Jensen, chosen as members of the first and second teams in the poll, had to leave for school.

The softball All-Stars game was the first conducted here and was sponsored by The Evening Telegraph's sports department. Over 1,000 fans voted in the election of players.

Those chosen on the first team in the All-Stars poll were: Beyers, p. Black Farms; Watts, c. Fuls; McReynolds, 1b. I. N. U.; Anderson, 2b. Black Farms; Withers, 3b. I. N. U.; Holland, ss. Black Farms; Wolford, lf. Reynolds; Littrell, cf. Black Farms; Krug, c. I. N. U.; Glessner, rf. Black Farms; manager, Bonnie Howard, Fuls. On the second team were Jensen, Sauer, Sweeney, Hall, E. Flanagan, Lebre, Chiverton, Fane, Hass, Potts and Schertner as assistant manager.

Local softball this past year saw 12 teams in the city league. These clubs finished in the following order: California Market, I. N. U., Black Farms, Reynolds, Kellers, Fuls, Knacks, Dixon Fruit company, Home Lumber, Telegraph, Medusa and Plovman. All but five games were played in the league schedule. These were called off at the end of the season because of the rainy and cold weather.

Another high spot of the season was the Ashton invitational tournament which was won by Amboy on the evening of Sept. 3 when the Lee county lads defeated Del Monte of Rochelle 7 to 3 in a 12 inning game. Ashton took third place in the tournament by trimming Reynolds of Dixon 10 to 2. Six Carlson brothers from Dixon, with the aid of Withers, Lebre, Kelly, Flanagan and Kuhn played two games in the tournament. In the first they defeated Rochelle, 7 to 6, but dropped the second contest 8 to 5 to Amboy.

The California Market team, managed by Paul Potts, won the league crown on the night of Sept. 2 when the players trounced Home Lumber 7 to 1. In the course of the season the Marketeers won 20 games and lost four. The four defeats came at the hands of I. N. U., Ashton (in the tournament) Rock Falls and Oregon. In the tournament the Dixon champs lost 5 to 4 to Ashton.

Several feature games were offered as Sunday attractions at the Airport ball park this year and among them were games with other communities, a donkey game and a softball contest between the Knacks hardball players and the Knacks softball club.

Interest in the game increased during the summer and with it came a growing popularity in girls' softball games. Among the girls' teams who played here in preliminary games on Sunday nights were: Ashton, Amboy and Dixon.

Giants' Boss, Bill Terry, Gambles Plenty to Improve His Ball Club

New York, Dec. 29.—(AP)—Many uncomplimentary things have been said and written about Boss Bill Terry of the Giants in the last few seasons, but from here on no man will ever accuse Bill of not being a gambler. At least, it will have to be admitted Terry is willing to play them high, wide and handsome as long as other supplies the blue chips.

Horace Stoneham, youthful president of the Giants, is buying the chips, and he has a good reason to believe in Terry's judgment. Still, after looking over the list of 30 players who have been mailed 1939 contracts by the Giants, here's one bet Stoneham is more uneasy than he looks.

If Terry has guessed wrong, and unless he gets more breaks than the law allows, the Giants are likely as not to tumble as far down as fifth place in the next National League race. They have absolutely no margin of safety.

Stakes the Works

First, Terry is staking the works on the recovery of his two top pitchers, Carl Hubbell and Ed Schumacher, from operations on their salary arms last fall. There is no guarantee either will be back with anything like his former ability.

That may leave Terry with one topnotch starting pitcher, Cliff Melton, and Cliff was no ball of fire last year.

Next, Terry is looking to Burgess Whitehead to return after a year's convalescence from an operation and play second base like he used to. Maybe he will, but many baseball men doubt it. If he doesn't Alex Kampouris will have to take over the job, and Alex couldn't satisfy Terry last year.

The biggest gamble of all is on Zeke Bonura's ability to play first base acceptably. The Giants got the big New Orleans boy from Washington after he had been waived out of the American League.

Counting on Bonura

Terry is counting upon Bonura to drive in a wagon load of runs, which he doubtless will, but men who have been playing with and against him vow that Zeke will let in an equal number of runs on balls that go whizzing past him.

In his three cornered deal with the Cubs, Terry got Frank Demaree to play center field, gambling that the Californian will get his legs back in shape and shake off the slump that gripped him all last season. To get him, Terry had to turn loose Hank Leiber, who for years has

been the very apple of President Stoneham's eye. There will be some strained relations next summer if Demaree should flop and Leiber begin pounding the ball like he did in 1935.

At third base Terry is putting his trust in George Myatt, who is a great base runner, but can't hit a lick and has difficulty throwing as far as first base. With Bonura on first, this latter failing will be pretty serious.

Outside of all that, Terry really won't have a thing to worry about. He has four mighty good men in Catcher Harry Danning, Shortstop Bill Jurgens and Outfielders Mel Ott and Joe Moore.

Question Mark in Rose Bowl Battle Is Duke's Offense

Pasadena, Calif., Dec. 29.—(AP)—The unknown quantity in the Rose Bowl football equation is Duke's offensive plans for Southern California, Jan. 2.

But a good guess, based on Coach Wallace Wade's record, is "passes."

Copious copy has been written about the defensive ability of the unscathed-upon Blue Devils. Much has been mentioned about the stingy defensive attitude of Coach Howard Jones' U. S. C. team.

And the word has been bandied around freely by Troy's supporters how with speed, power and deception they will do this and that with running plays and passes.

Strangely, none has had much to say about Duke scoring. Naturally the Duke contingent hasn't brought up the subject, except to bemoan the fact George McAfee, fastest man on the squad has been handicapped by a foot injury and still isn't in good shape.

Eric Tipton, whose punting prowess is legend, is supposed to be the best pass thrower Duke has. Tipton's throwing during the open practice sessions here was far from sensational and this could have been by design. For Duke completed 29 of its 74 attempts during the regular season and had only four of the others intercepted.

Grid Coaches Pass Up Changes Dixon Trims Downers Grove in Tournament

SHARPshooters TO MEET GENEVA AT DEKALB TODAY

Locals Defeated Downers Grove, 49 to 28, in Game Yesterday

McNamara, Bevilacqua and Bugg, each with a total number of points which ran into two figures, paced the Dixon Sharpshooters in their first game in the DeKalb basketball tournament in the Teachers college gym yesterday afternoon when the locals spelled DOWN in Downers Grove with capital letters on a victory count of 49 to 28.

The locals piled up a substantial lead of 18 to 4 in the first frame before slowing down in the second quarter with seven points while the rivals snagged an equal number. In the third period the Sharpshooters again turned on the heat with 17 more points while the Grovers chalked up only two. In the final period the enemy stepped into a flashy rally when they totaled 15 points to Dixon's 7, but the early lead of the locals was too much to overcome.

High Scorers

Bevilacqua added to his scoring record for the local high school when he made 17 points from 8 field goals and one free throw. McNamara continued his good work with 13 points and Bugg offered 11 markers as his contribution.

With the exception of Bevilacqua, Coach L. E. Sharpe sent a whole new string into the start of the final stanza with the score 12 to 13.

This afternoon the Sharpshooters are scheduled to meet Geneva in the third round of the tournament.

Other results in the tournament yesterday included Glenbard's victory over Riverside, 34 to 22; Belvidere's triumph over DesPlaines, 25 to 11; and Geneva's trouncing of Hinsdale 35 to 5 in the afternoon games.

In the evening Hinckley defeated Mt. Morris, 38 to 16; Huntley downed Shabbona 31 to 23; Rochelle fell before Waterman, 39 to 12; and Oregon defeated Leland 31 to 23.

In the quarter finals this afternoon Glenbard plays Belvidere at 2:00 P. M.; Dixon meets Geneva at 3:00; and tonight Hinckley meets Huntley in the first game and Waterman and Oregon clash in the second tilt.

Tomorrow the winners of this afternoon's games meet at 2:00 P. M. and the winners of tonight's contests clash at 3:00. The finals will be played tomorrow night with the consolation game at 7:30 and the championship battle at 8:30.

Administration
May Ask Nearly
Billion for Plan

Washington, Dec. 29—(AP)—

Farm-state Senators predicted today the administration would seek about \$900,000,000 for next year's agricultural program, with part of the outlay coming from new processing taxes.

New Deal farm authorities were said by reliable informants to be considering the appropriation of \$500,000,000 from regular treasury funds and the imposition of processing levies to raise an additional \$350,000,000 to \$400,000,000.

These taxes probably would be placed on the processing of wheat, cotton, corn, tobacco and rice.

About \$750,000,000 was appropriated for farm benefits in the last session, but only about \$50,000,000 of sugar payments was provided from processing taxes.

Senator Capper (R-Kans.) said today he would work for a new program guaranteeing farmers the cost of production plus a reasonable profit on that portion of their crops sold domestically. Any surplus would be sold abroad for whatever they would bring.

He said much of the Republican election gains in the midwest was traceable to dissatisfaction with the farm program.

From Senator Wheeler (D-Mont.) came a statement that farmers should be free to "exercise their own judgment" about crops.

Opposing "dictation from Washington" Wheeler said he wanted a farm program "that would give the farmers the benefit of the home market and allow the sale of the balance on the world market at world prices."

PRESIDENT KEPT
BUSY ON MESSAGE

Has Few Appointments

on Calendar as He Prepares Proposals

Washington, Dec. 29—(AP)—President Roosevelt, anxious to reserve all possible time between now and next week for work on his legislative and budget messages, made only two engagements today.

In addition, he studied a long list of recommendations and background for appointments to many Federal posts, including the soon-to-be vacated cabinet position of Attorney General.

While there were reports that Frank Murphy, retiring governor of Michigan, would be named to head the department of justice, succeeding Homer Cummings, White House officials had no comment on this. They merely said the President probably would have some appointments to announce Monday or Tuesday.

Two appointments announced today at the White House were James M. Thomson, New Orleans publisher, to be a member of the United States territorial expansion memorial commission, and George E. Proudfit of Lincoln, to be United States marshal for the district of Nebraska.

Confirmation Predicted Several Senators, meanwhile, joined in predicting speedy confirmation by the Senate of Murphy, if the President appoints him Attorney General.

Senator Burke (D-Neb.), often critical of administration moves, said he believed Murphy would be a satisfactory choice.

Before he left Washington several days ago, Senator Vandenberg (R-Mich.) said he would be inclined to vote for confirmation of Murphy if he is given the job.

WEDDINGS
Gocken-Benesh
Miss Grace Gocken, daughter of Mrs. Katie Gocken, and George Benesh, son of Mr. and Mrs. Charles Benesh were united in marriage Tuesday, Dec. 27 at one o'clock at St. Paul's Lutheran church, Rev. J. E. Dale officiating.

Mr. and Mrs. John Gocken, brother and sister-in-law of the bride, attended the wedding. The bride wore a blue chiffon velvet and white accessories, while Mrs. Gocken wore a blue dress and brown accessories. Following a short wedding trip Mr. and Mrs. Benesh will reside on South Third street, in a home recently remodeled and newly furnished ready for occupancy. The groom is employed with Kol-Master corporation.

Revell-McLennan
At high mass in St. Mary's church in Byron Wednesday morning at nine o'clock, Miss Leona Revell, daughter of Mr. and Mrs. John R. Revell of Byron became the bride of Donald McLennan, son of Mr. and Mrs. John T. McLennan of Oregon, the Rev. Father Charles A. Meehan reading the service. They were attended by Miss Anna Louise Sullivan of Stillman Valley and Stephen McLennan.

The petition stated that \$79,100 in second mortgage bonds was on deposit in the Will County National Bank in Joliet when it failed several years ago. Attempts to reorganize the corporation have failed, the petition related, because bondholders have been unable to secure financing of foreclosure proceedings now pending in the Will County Circuit Court.

The petition was assigned to Judge William H. Holly for a hearing, the date of which was not set.

Dividing the highways by putting in a central strip and planting foliage on it will decrease accidents. When the landscaping is matured, it will decrease headlight glare.

E. Dale officiating. Mr. and Mrs. John Gocken, brother and sister-in-law of the bride, attended the wedding. The bride wore a blue chiffon velvet and white accessories, while Mrs. Gocken wore a blue dress and brown accessories. Following a short wedding trip Mr. and Mrs. Benesh will reside on South Third street, in a home recently remodeled and newly furnished ready for occupancy. The groom is employed with Kol-Master corporation.

Revell-McLennan
At high mass in St. Mary's church in Byron Wednesday morning at nine o'clock, Miss Leona Revell, daughter of Mr. and Mrs. John R. Revell of Byron became the bride of Donald McLennan, son of Mr. and Mrs. John T. McLennan of Oregon, the Rev. Father Charles A. Meehan reading the service. They were attended by Miss Anna Louise Sullivan of Stillman Valley and Stephen McLennan.

Fortunes of Two or Three Billion Dollars Predicted Within 30 Years

Richmond, Va., Dec. 29—One or two fortunes of two or three billion dollars, marking the coming of the first American triple-billionaire, were predicted within 30 years to the American Association for the Advancement of Science here.

The forecast was made by Carl Snyder, New York economist. It was based on the proviso that the system by which wealth has been created in historic times will survive that long.

The present system is likely to continue, he concluded from a study of it measured by the Pareto curve. This is a mathematical method invented by the Italian economist Vilfredo Pareto, to show the distribution of wealth, talents or other things in an entire population.

Poor Not Poorer.
Measured by this curve the poor have not been getting poorer and the rich richer. Wealth distribution has not changed much. "George Washington," said Mr. Snyder, "or Stephen Girard or even Thomas Hancock, the rich men of colonial days, amassed as great a fortune, for their generation, as John D. Rockefeller or Henry Ford has in our own."

The Pareto curve, applied to income tax records, shows that although prices, production and national income have been fluctuating, there has been "remarkably slight" variation in the distribution of wealth.

Few Inherited Fortunes.
Of 40,000 millionaires in 1929 income tax returns, he said only around two per cent derived their money from inherited fortunes. In 25 of the greatest fortunes in

each generation since the American Revolution there is but a single instance of great wealth built on a considerable inheritance, he added.

That was the fortune of the late Andrew Mellon. Spoilation of the rich, he thought, would have little effect but "would apparently result in placing untold millions upon the relief rolls permanently."

He said that from the Pareto curve it follows that the only way the general welfare of a people can be improved is by increasing the total product, that is, the total income.

Announce Scientific Discovery.
Two scientists announced that they had produced changes in the most fundamental life process on earth.

By the use of x-rays on living plants it has been possible to change the nature of chlorophyll, the green coloring matter of plants which converts sunlight into matter and energy, for the first time, Dr. A. F. Blakeslee of the Carnegie Institution of Washington and Dr. O. L. Inman of Antioch college, Ohio, declared in a report to the association.

In converting sunlight into matter chlorophyll is the chemical which makes all other life on earth possible, since it has provided man with coal and oil, supports the animals which provide him with meat, provides his vegetables and grows the trees which furnish him with a home.

Chance Experiment.
Until recently only two kinds of chlorophyll were known. Then, in a chance experiment, the scientists used x-rays to treat seeds

of the common jimson weed. It caused the chromosomes, or character-determining factors within the cells of the seeds, to create a third kind of chlorophyll, "a modified form which is scientifically unusual," Dr. Blakeslee said. So far as is known no other form of the chemical has ever been found, even in plants brought from the equator and the Antarctic.

The discovery may eventually prove helpful in the treatment of human diseases since chlorophyll is closely related to "heme," the iron-bearing red portion of blood. A hormone which causes hens to crow was described to the Association today.

Hens Sound off Well.
The hens sound off almost as well as roosters and the experiments indicate that the hormone can be used to relieve humans, particularly men, of inferiority complexes.

The hormone is testosterone, which already has been reported by physicians as giving aging men renewed interest in and energy for their work. It is the principal male sex hormone but its most interesting effects have been non-sexual and not all confined to the aged.

The experiments were reported by W. C. Allee and N. E. Collins of the University of Chicago in a paper entitled: "The effect of injection of testosterone propionate on the social order in flocks of hens." The hens were white Leghorns.

These birds showed some extremely human-like traits of inferiority. It was found that some hens peck others and that those pecked never peck back. This sign of dominance appeared in each flock in almost military order.

One or two birds became "top"

Scientists Discover Secrets of World and Sticky Glue

Washington, Dec. 29—(AP)—New measurements of the mysterious "force that holds the world together" were reported to the American Physical Society today by University of Wisconsin scientists.

Describing two years of experimental research to find out how the force operates, Dr. Gregory Breit said two important conclusions had been reached:

1. That protons, the so-called building blocks of all substances in the universe, attract each other with an energy equal to 11,000,000 electron volts.

2. That this force becomes operative only when two protons are

hens which pecked all the others. Below were captains, sergeants and corporals which successively pecked smaller numbers, and finally one or two privates which never pecked.

The hormone was injected into these hens in varying quantities. If a "private" received more than any other hen she pecked her way to the top.

"The birds receiving the higher dosages," the report stated, "began to crowd after a time."

only one-tenth of a millionth of a millionth of an inch apart.

Although existence of the force was discovered in 1934 and announced by Carnegie Institute scientists here two years ago, both the power of attraction and the range of the force had only been estimated before the Wisconsin experiments were made.

Called Important.
Scientists described the new measurements as being of profound importance to the whole science of physics in the search to discover the secrets of what constitutes the elements that make up the universe.

Some physicists have speculated that eventually through an understanding of the force they may be able to harness new sources of power for man's use. It is this force at work in the sun, transmitting hydrogen into helium and releasing heat energy in the process, which is accounted responsible for the fact that the sun shines on century after century without burning out.

The new force—physicists have not agreed so far on a name for it—is somewhat like the force of gravitation except that it is tremendously stronger.

MAKES GLUE STICKY.

Providence, R. I., Dec. 29—(AP)—Nature's "man on the flying trapeze" is really doing a good job for the postoffice department—but he's not on the payroll.

Two University of Illinois scientists today told the American

Chemical Society's symposium on intermolecular action that an ambidextrous chap known to chemists as "bivalent hydrogen" is really the smart one who makes a postage stamp stick to an envelope.

Professors W. H. Rodebush and A. M. Buswell described the hydrogen atom as "nature's universal cement" which swings back and forth with the greatest of ease, first attaching itself to an atom on the left and then an atom on the right in a substance.

During its workout, they explained, the atom sets up a "hydrogen bond" which is the basis of all sticky substances and which "plays a role of almost universal significance in the organic and biological world."

In its work for Uncle Sam—and tired office boys—the atom makes the postage stamps stick by setting up hydrogen bonds "between hydroxyl groups present in the gum and the cellulose of the paper."

Make successful meals. Depend on the Catsup with the different flavor.

PROCEEDINGS OF LEE CO. BOARD OF SUPERVISORS

State of Illinois, County of Lee, ss.
On Thursday, the 8th day of December, A. D. 1938 at the hour of ten o'clock in the forenoon, the Board of Supervisors of Lee County met at the Court House in the City of Dixon in monthly meeting.

Present, Chairman Gehant and Supervisors Hemmenway, Buckingham, Wagner, Vaupel, Archer, Ramsdell, Spencer, Rose, Stanley, Garrison, Wilson, Anderson, Mau, Kranov, Willis, Lally, Becker, Wolf, Emmitt, Hart, Mehlfhausen, Cortright, Kuebel, Montavon, Risetter and Knetsch.

The Clerk presented to the Board of Supervisors his report of orders issued during vacation, which said report is in the words and figures following:

TO THE CHAIRMAN AND MEMBERS OF THE BOARD OF SUPERVISORS OF LEE COUNTY:

I, Sterling D. Schrock, County Clerk and Ex-Officio Clerk of the Board of Supervisors of Lee County would respectfully report that the following County Orders have been issued out of this office since the September Session of this Board:

Some discussion arose relative to two claims for Premium on Insurance Policies which were not allowed.

Motion was made by Supervisor Lally, seconded by Supervisor Rose that the matter of insurance on Court House and County Jail be left in the hands of the Finance Committee with power to act. Motion carried.

Motion was made by Supervisor Spencer, seconded by Supervisor Buckingham that the matter of Workmen's Compensation and Employer's Liability and Owners and Landlords Liability Insurance should not be allowed to lapse and that the Finance Committee be empowered to act immediately in securing or renewing policies for same. Motion carried.

On motion of Supervisor Rose, seconded by Supervisor Hemmenway, the Finance Committee is empowered to act in securing sufficient, burglary, safe, messenger, etc., insurance for the County Treasurer. Motion carried.

Supervisor Rose explained the matter of the Malone Family, ex-soldier, now in Chicago, formerly of Dixon and instructed the County Clerk to notify the Chicago Relief Administration that Lee County will provide for this family in Chicago for one more month, and if they expect Lee County to take care of them anymore, they will have to move back to Lee County. Supervisor Spencer also explained his idea of the matter. No motion passed.

The County Home Committee present their report recommending the allowance of the following claims, and on motion of Supervisor Garrison, seconded by Supervisor Kuebel, the report is received, approved and placed on file. December 8, 1938.

To the Honorable Chairman and Members of the Lee County Board of Supervisors:
Gentlemen:
I have in my charge the sum of Five Hundred Eighty-Four Dollars and 48-100 (\$584.46) which sum was received from P. V. Lally, Treasurer of the Township of Marion (Marion Township's portion on the McCoy Bridge) and I would like to procure an order from the County Clerk directing the County Treasurer to receive said amount and place it in the proper fund.

The following recommendation of the Road and Bridge Committee was read before the Board by the Clerk.

RECOMMENDATION OF ROAD AND BRIDGE COMMITTEE:
To the Honorable Chairman and Members of the Lee County Board of Supervisors:
Gentlemen:

Your Road and Bridge Committee would respectfully recommend that Eight Hundred Five Dollars and 00-100 (\$805.00) be appropriated from Motor Fuel Tax Funds for the purchase of right-of-way in the construction of Section 14-MFT and Section 13b-15d.

DAN CUPID BUSY
St. Louis, Dec. 29—(AP)—Dan Cupid has had a busy year in St. Louis. Clerk James Kelley said today marriage licenses have been issued to 11,627 couples thus far during 1938, an all-time record. The previous high total was 11,289 in 1920.

Kelley attributed the increase to better economic conditions and the Illinois physical examination law.

Traffic Deaths In Nation Show Decline of 8,000

Chicago, Dec. 29—(AP)—Traffic deaths in the United States this year, according to a prediction by the National Safety Council, will total 31,500—the lowest for any year since 1933—if the trend of the first 11 months is continued through December.

The council's expected 1938 total would show a reduction of 8,000 from the all-time high of 39,500 marked up last year and the largest decline for any one year in the nation's history.

In November, for the 13th consecutive month, fatalities decreased as compared with the corresponding month a year ago. Last month's total of 3,110 was 17 per cent less than in November, 1937.

Since the first of the year to December 1 the council reported 28,370 persons were killed in automobile accidents, compared with 35,770 for the corresponding period last year.

Brain Twizzlers

IT SOUNDS LIKE A LOT OF STATIC TO ME.

WITTE

Little Willie's father owned a radio store and Willie wanted to work in the store. He hadn't finished school but he wanted to work anyway because he didn't like school. One vacation Willie worked in the store and at that particular time his father had

go away for a few days on business so Willie thought it was a chance to prove his business ability. A man came in and bought a radio from Willie and Willie couldn't wait to tell his father. When he did tell him he said, "I made ten per cent on the radio."

but if you had bought it for ten per cent less than you did and I had sold it for twenty per cent profit, we would have made twenty-five cents less than we did. Willie's father thought it sounded pretty complicated but finally he figured out how much
